Advertising Strategies

The important thing that unlocks the gross sales potential of your book is to find a single sentence that becomes your promoting handle. This sentence states what question or problem your e-book answers and the benefits your e-book can provide. Then make sure you use that sentence in every piece of sales and promotional materials, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of different methods that can allow you to promote more books.

One is to provide one thing away free of charge together with your guide, akin to a helpful bonus item. Or bundle a number of ebooks below one price, which lowers the value for each e-book in the event that they were sold separately.

An effective approach for figuring out a worth is to send out a survey to your current customers. If these prospects have already bought a book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new e-book, but do not embody a worth on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate sales pages with completely different prices on every page. Be certain that your sales copy is strictly the same on

each web page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum value is.

In the end, if you've written a ebook that solves a problem or presents a new technique, your guide will usher in each traffic and profits.
