Do this by creating a gross sales web page for the brand new e book, however do not embrace a value on that page. Ensure your gross sales copy is strictly the same on every web page, and consists of your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum value is.

In the end, should you've written a e book that solves a problem or presents a brand new technique, your e-book will bring in each traffic and profits.
