An effective approach for figuring out a worth is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new ebook, but don't embrace a value on that

page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Make sure your sales copy is strictly the similar on every web page, and includes your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum value is.

In the end, in the event you've written a book that solves a problem or presents a brand new technique, your book will herald each site visitors and profits.
