What do you assume an idea is worth when evaluated against the price of paper and ink?

It is the IDEAS which are worthwhile! That is the way you determine the price of your ebook.

What should I charge for my concepts?

Decide in case your goal is to get large distribution and most exposure. This purpose is geared toward drawing customers to what you are promoting or service, or to establishing the credibility of your reputation. If this is your foremost aim, you should intention to maintain your worth on the low side. Some authors have even priced their ebooks at a revenue loss to draw a excessive variety of new customers. The key is to discover a price that maximizes your income and the number of books you sell.

This is a wonderful pricing strategy if you are looking to purchase long-time period customers. Lengthy-term prospects are extremely possible to purchase from you again and again ? so long as the first e-book they purchase is of exceptional quality and beneficial to the customer.

Nonetheless, in case your guide accommodates helpful ? and extra importantly NEW information, references, or methods ? then you need to aim to cost it on the high end.

After you determine your purpose, you must determine what your viewers's need is on your ebook. For instance, does your e book solve a selected downside? If it does, and solves it in a method that hasn't been written about in one hundred different ebooks, you may be capable of obtain high sales

at a excessive price. In case your ebook solves an issue or answers questions in a brand new and unique method, you need to price your ebook as excessive as you possibly can go. You'll achieve larger earnings this way, but bring in fewer customers. Just be sure that the query or problem that your guide solves is one that is vital and relevant to nearly all of your market audience. If your ideas usually are not widespread information, or you are presenting a model new approach, you will be able to promote books at a excessive price. Just be prepared in your competitors to undercut you on value as quickly as they hear about your book.

Keep in mind that the above pricing strategy is temporary. Ultimately, you will cease to promote books at this high price. So work out prematurely how long you plan to offer your ebook at this high price, and when that time is up, change your pricing strategy.

If you want to see large profits over customer draw, goal for an audience that's on the lookout for easy solutions to their problems at a low price. If your ebook is geared toward solving one specific downside slightly than general advice, then you can charge more. Start on the highest price the market will bear to bring in the largest income, and plan to low cost the guide a variety of times all through the year.
