Do this by making a sales web page for the brand new e book, but don't include a price on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with totally different prices on each page. Make sure your sales copy is strictly the identical on every web page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum price is.
