However, if your guide comprises priceless ? and more importantly NEW data, references, or techniques ? then you need to intention to cost it on the high end.

After you determine your purpose, you should figure out what your audience's want is on your ebook. For instance, does your e book remedy a particular drawback? If it does, and solves it in a means that hasn't been written about in one hundred other ebooks, you'll be capable of achieve high sales

at a high price. If your e-book solves a problem or solutions questions in a new and unique means, you must price your guide as excessive as you may go. If you want to see giant income over buyer draw, goal for an viewers that's in search of straightforward options to their problems at a low price. If your e-book is aimed at solving one particular problem somewhat than basic recommendation, then you can cost more. Start at the highest value the market will bear to usher in the largest earnings, and plan to discount the guide a number of occasions all through the year.

## Advertising Strategies

The important thing that unlocks the sales potential of your ebook is to discover a single sentence that becomes your selling handle. This sentence states what question or drawback your e-book solutions and the benefits your ebook can provide. Then remember to use that sentence in every piece

of sales and promotional material, and every time anyone asks you about your ebook.

Apart from promoting your books assiduously on-line, there are a number of other strategies that can make it easier to sell extra books.

One is to present one thing away for free with your ebook, resembling a invaluable bonus item. Or bundle several ebooks below one value, which lowers the value for each e-book in the event that they had been sold separately.

An efficient approach for figuring out a price is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the new book, but don't include a price on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by creating a number of duplicate sales pages with completely different costs on each page. Be sure your gross sales copy is precisely the identical on each page, and includes your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum price is.

Finally, in case you've written a e-book that solves a drawback or presents a new approach, your e-book will herald both traffic and profits.
