price. Do this by making a sales web page for the new e-book, however don't include a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by creating a number of duplicate sales pages with different prices on each page. Make sure your sales copy is strictly the similar on each page, and contains your selling-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. This may let you know what your optimum value is.

Ultimately, if you've written a book that solves a downside or presents a new technique, your e book will usher in both site visitors and profits.
