An effective technique for figuring out a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the brand new e-book, however do not include a worth on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out costs by making a number of duplicate gross sales pages with completely different prices on each page. Make sure that your sales copy is strictly the same on

every web page, and contains your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum price is.

Ultimately, in the event you've written a e-book that solves a problem or presents a brand new approach, your e-book will bring in both site visitors and profits. So be sure to write that promoting-deal with sentence that sums up what problem your e book solves and what the benefits of your 2596 e book will probably be to the purchasers who buy it. And then watch your market come to you!
