price. Do that by making a sales web page for the new guide, but don't embody a worth on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with totally different prices on every page. Make sure your gross sales copy is strictly the identical on every page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum price is.

Finally, should you've written a e-book that solves a downside or presents a new method, your ebook will bring in both site visitors and profits.
