and promotional materials, and each time anyone asks you about your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with different prices on every page. Make sure your sales copy is precisely the same on each web page, and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum price is.

Finally, if you've written a guide that solves a downside or presents a brand new approach, your book will herald both visitors and profits.
