promotional materials, and each time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of different methods that may provide help to promote more books.

One is to offer something away at no cost along with your book, akin to a useful bonus item. Or bundle a number of ebooks beneath one price, which lowers the worth for every e-book if they had been offered separately.

An efficient approach for determining a price is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a sales web page for the brand new e book, however don't embody a price on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with different prices on every page. Ensure that your gross sales copy is strictly the similar on each page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum price is.

Ultimately, if you've written a guide that solves a drawback or presents a brand new approach, your e-book will bring in each site visitors and profits.
